**Dr. M Zahid Iqbal Qureshi, Assistant Professor and Consultant,  
University of Wah**

**Emerging Areas of Interest**

- Design and simulation
- Computational Fluid Dynamics
- Wind Environment assessment

**Professional Summary**

A motivated academic professional with a strong foundation in thermos-fluid, especially computational fluid dynamics. Passionate about research, innovation, and capacity building, with a keen interest in supporting individuals and organizations in areas like product design and development, Machine learning, and numerical code development using open source. Currently seeking opportunities to apply my skills and knowledge to impactful consultancy projects.

**Key Skills and Strengths**

- Numerical modeling using opensource.
- Product design and development.
- Turbomachinery design.

**Recognitions**

- Member, Pakistan Engineering Council

**Availability and Consulting Terms**

- Available to collaborate on projects related to research, product design and development, and numerical simulation. Open to short-term assignments and willing to negotiate terms based on project requirements.
